A Journey towards Excellence: Learning the Lessons from Scandinavia

Conference Sponsorship 2016

A Journey of Excellence: Learning the Lessons from Scandinavia is a unique conference as it is a celebration of pedagogies originating in Scandinavia and their successful impact in the UK and around the World.

With 100 delegates, fantastic speakers, and Teach-Meet attendees, this conference will be a real opportunity to support and associate your company with:

- Excellent early years education provision
- Nature pedagogies and environmental awareness
- Outdoor learning and education

This conference on 18 and 19 July 2016 is the precursor to the Skogsmulle International Symposium, which is taking place at Dare Valley Park in August 2017, where the International Skosgmulle Community, from Japan to Sweden, Latvia to Canada, will visit Wales to celebrate this renowned early years pedagogy.

Outdoor learning and nature based pedagogies is a massively growing movement in the UK with the advent of Forest Schools and the need for better teaching and promotion of health, physical and wellbeing education. We believe that Skogsmulle, the Swedish Early pedagogy will become hugely successful in terms of impacting mainstream education in the UK… this is an opportunity to support Skogsmulle at the beginning of that exciting journey.

We are seeking the following sponsorships, as well inviting you to propose ways that young your organisation can get involved with this years conference:
